

Bringing Chemistry to Life

# ECBS & ICBS 2015 JOINT MEETING

OCTOBER 7-9, 2015  
BERLIN, GERMANY

FURTHER INFORMATION AND ONLINE REGISTRATION AT

[WWW.ECBS2015.EU](http://WWW.ECBS2015.EU)

The first joint meeting of the European Chemical Biology Symposia and the International Chemical Biology Society in 2015 brings together chemical biology researchers from screening and drug discovery, systems biology and therapeutic innovation.

It will enable the exchange of research and professional collaboration and drive important discoveries in chemical biology worldwide.

## Keynote Speakers

**Carolyn Bertozzi**  
University of California,  
Berkeley

**Jason Chin**  
MRC Laboratory of Molecular  
Biology, Cambridge

**Timothy Mitchison**  
Harvard Medical School,  
Boston

**David A. Tirrell**  
California Inst. of Technology,  
Pasadena

## Session Topics

- Chemoproteomics
- Epigenetics
- Conjugates for targeted delivery
- Antiinfectives
- Molecular Imaging
- Cheminformatics & Chemical Systems Biology
- Probing the structure and function of PTMs
